

GENEVA HEALTHCARE

PERFORMANCE COMFORT FOAM POSITIONERS

Versatile foam-constructed positioners offer a variety of positioning solutions, while providing optimum comfort and support.

- Carefully designed for optimum stability while in use
- Cut and developed to provide maximum exposure to operative sites
- Can be bonded with other materials to create performance composites for specific applications

Environmentally Friendly Harvest® Foam

- Eco-friendly foam alternative resulting in a 61 % reduction of non-renewable energy use
- Manufactured with a renewable resource—soybean oil
- Meets or exceeds all EPA requirements
- Production requires 23% less in total energy demand and 36% less global warming emissions

PERFORMANCE COMFORT FOAM

RING CUSHIONS

- All purpose pressure reducing device
- Can be used to support heels, knees and elbows
- Protects the head, ear, iliac crest and other crucial pressure points

PART NO.	DESCRIPTION	SIZE	QTY
30-101-00	Single Ring	7" OD x 3.5" ID x 2"	24/cs
30-102-00	Single Ring	9" OD x 4.5" ID x 2"	36/cs
30-122-00	Multi Ring	9" OD x (3", 5", 7" ID)	24/cs
30-141-00	Single Ring	8" OD x 3.5" ID x 3"	24/cs
30-802-00	Bariatric Single Ring	9" OD x 4.5" ID x 2"	10/cs

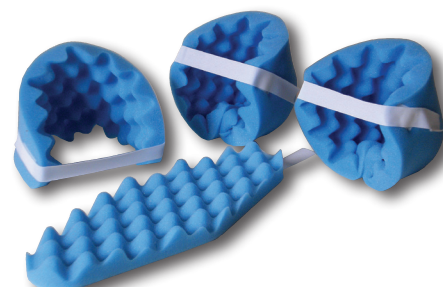

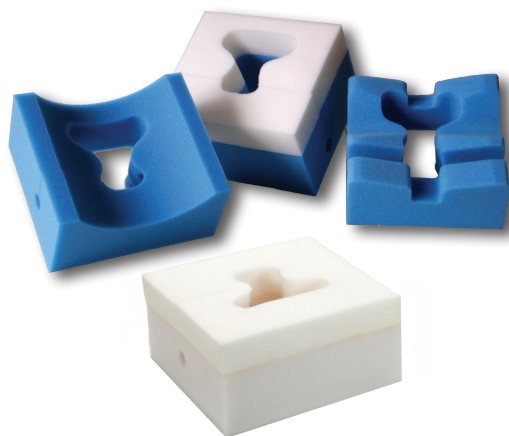

PERFORMANCE COMFORT FOAM

ELBOW AND HEEL PROTECTORS

- Ulnar nerve cushion protects and supports elbow and forearm during lengthy procedures; protects ulnar nerve at the elbow
- Heel boot protects and supports heel and ankle from pressure build up and friction
- Features adjustable straps

PART NO.	DESCRIPTION	SIZE	QTY
30-111-00	Ulnar Nerve	6" x 15.5" x 1.5"	36/cs
30-112-00	Heel Boot	9" x 14" x 1.5"	36/cs

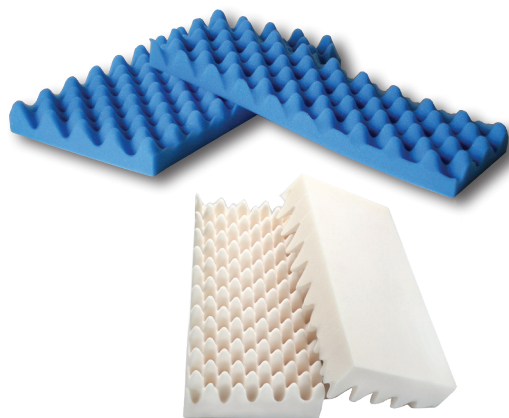

PERFORMANCE COMFORT FOAM

HEAD POSITIONERS

- Designed for use in lateral, supine or prone position; assists in proper neck and spinal alignment
- Aperture design reduces excessive pressure and accommodates facial and occipital prominences
- Key hole cut-out allows for secure endotracheal tube placement
- Contoured shape positioner allows anatomical alignment of the head and neck
- Bariatric positioners features a visco topper; 2" density

PART NO.	DESCRIPTION	SIZE	QTY
30-104-00	Prone Concave	8" x 9" x 4"	12/cs
30-105-00	Adult	8" x 9" x 4"	12/cs
30-106-RL	Comfort Frame (Two Layers)	10.5" x 9.5" x 6"	12/cs
30-117-00	Adult Frame	10.5" x 9.5" x 6"	12/cs
30-113-00	Slotted Prone	8.5" x 8" x 4.5"	12/cs
30-801-00	Bariatric Comfort Frame	11" x 12" x 4"	6/cs

Bariatric and custom sizes available upon request.
Compression pack available upon request.

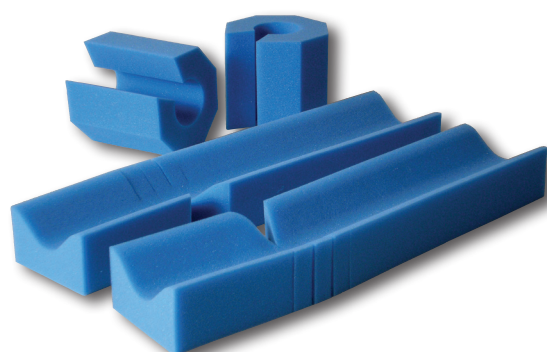

PERFORMANCE COMFORT FOAM

ARM BOARD/UTILITY PADS

- Comfortably supports and protects patient's arms and elbows
- Helping prevent formation of pressure ulcers or nerve damage
- Constructed of convoluted foam

PART NO.	DESCRIPTION	SIZE	QTY
30-107-00	Arm Board/Utility Pad	18" x 9" x 2"	24pr/cs
30-108-00	Arm Board/Utility Pad	20" x 6" x 2"	24pr/cs
30-109-00	Arm Board/Utility Pad	10" x 24" x 2"	24pr/cs
30-110-00	Arm Board/Utility Pad	23" x 5" x 3"	24pr/cs
30-803-00	Bariatric Arm Board/Utility Pad	6" x 20" x 6"	4pr/cs
30-804-00	Bariatric Arm Board/Utility Pad	10" x 20" x 6"	3pr/cs

Compression pack available upon request.

PERFORMANCE COMFORT FOAM

LAMINECTOMY ARM CRADLE & CUFF

- Designed specifically for use during laminectomy procedures

Arm Cradles

- Arm cradle supports patient's arms and protects the ulnar nerve
- High density with variable angle

Axilla Arm Cuffs

- Provides upper arm support
- Protects the axillary vessels and the brachial plexus of nerves
- May also be used as an ankle

PART NO.	DESCRIPTION	SIZE	QTY
30-217-00	Arm Cradle	23" x 5" x 3" (1.5")	6pr/cs
30-218-00	Axilla Arm Cuff	6" x 6" x 6"	6pr/cs

Compression pack available upon request (Arm Cradle).

PERFORMANCE COMFORT FOAM

LEG AND ARM CRADLES

- Helps maintain arm, leg and foot in natural or dorsiflex position
- Reduces rotation and elevates to prevent pressure sore formation

Foot Drop Stop

- Comfortably supports patient's foot and helps prevent foot drop
- Features an adjustable strap

Foot/Arm Cradles

- Foam cradles help provide gentle support and elevation of the arms following an injury or surgery
- Heels and elbows raise to help reduce pressure on the skin
- Features an adjustable strap

Leg Cradles/Legholder Pad

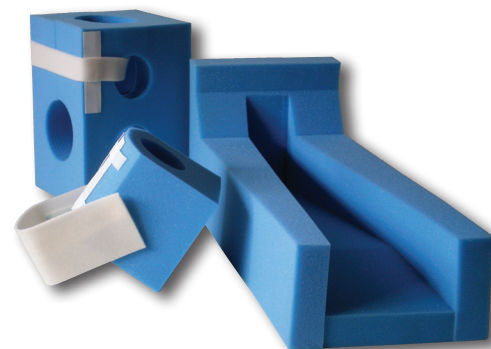

- Aids in proper alignment, circulation and healing
- Helps reduce heel pressure, leg rotation and foot drop
- Convoluted foam pads designed for Altima & Allen Legholders

PART NO.	DESCRIPTION	SIZE	QTY
30-204-00	Foot Drop Stop	7" x 6.25" x 7.25"	6/cs
30-205-00	Foot/Arm Cradle	14" x 9" x 10"	4/cs
30-206-00	Leg Cradle	31" x 11.75" x 11.5" (7"/2")	2/cs

Bariatric and custom sizes available upon request.

Compression pack available upon request (Foot/Arm Cradles).

PART NO.	DESCRIPTION	SIZE	QTY
30-118-00	Pads, Altima & Allen Legholders	2" x 9.5" x 23.5"	10pr/cs

PERFORMANCE COMFORT FOAM

LEG ABDUCTION PILLOWS

- Supports and aligns patient's legs even when patient is turned following total hip arthroplasty or pinning
- Helps prevent contractures
- All sizes feature adjustable straps and contoured leg channels

PART NO.	DESCRIPTION	SIZE	QTY
30-302-00	Small Abduction Pillow	18" x 12" (6") x 6.25"	6/cs
30-303-00	Medium Abduction Pillow	22" x 15" (6") x 6.25"	6/cs
30-304-00	Large Abduction Pillow	25" x 18" (6") x 6.25"	6/cs

Compression pack available upon request (all sizes).

PERFORMANCE COMFORT FOAM

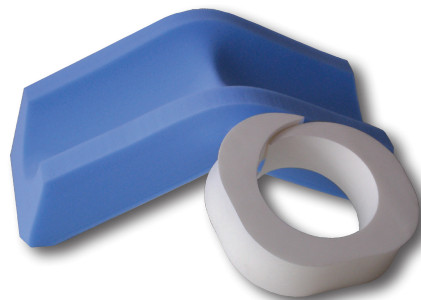

ARTHROSCOPIC POSITIONERS

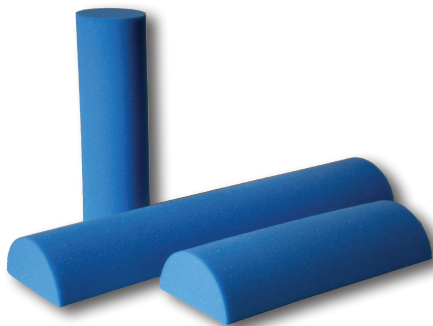

- Positioned on the O.R. table to support the non-operative knee during arthroscopic procedures
- Provides stability, eliminating the need for pillows or metal frames
- Kit includes 30-115-00 and 30-116-00, Well Leg and Knee Holder

PART NO.	DESCRIPTION	SIZE	QTY
30-115-00	Well Leg Holder	32" x 10" x 5"	4/cs
30-116-00	Knee Holder	11.5" x 10.5" x 3"	10/cs
30-800-00	Knee Positioning Kit	***	2/cs

Compression pack available upon request (Well Leg Holder).

Custom kits available upon request.

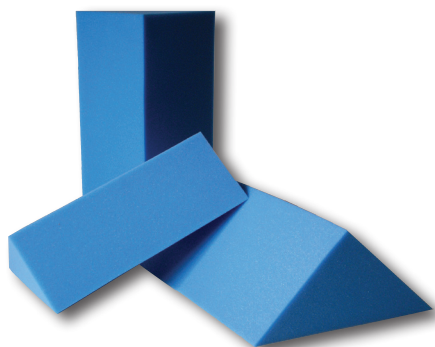

PERFORMANCE COMFORT FOAM

POSITIONING ROLLS AND BOLSTERS

- Designed to facilitate prone or side head placement
- Supports the patient's face and provides clearance for endotracheal tube
- Stabilizes neck for surgical and x-ray procedures, elevation or other areas where pressure reduction is needed

PART NO.	DESCRIPTION	SIZE	QTY
30-213-00	Multi-Use	16" x 5" O.D.	10/cs
30-212-00	Dome Shape	19" x 7" x 6.5"	8/cs
30-215-00	Small Bolster	18" x 7"	6/cs
30-216-00	Large Bolster	30" x 7"	5/cs

Bariatric and custom sizes available upon request.
Compression pack available upon request.

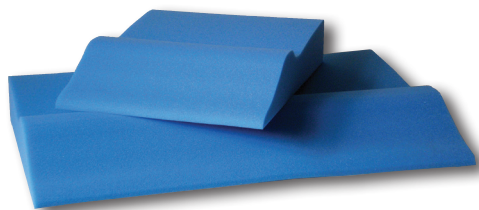

PERFORMANCE COMFORT FOAM

POSITIONING WEDGES

- Provides support, stability and elevation for patients
- Constructed of high-density foam

PART NO.	DESCRIPTION	SIZE	QTY
30-207-00	45° Positioning Wedge	18" x 7.5" x 7.5"	8/cs
30-208-00	30°/ 60° Positioning Wedge	21" x 11" x 8"	8/cs
30-209-00	45° Positioning Wedge	26" x 18" x 18"	2/cs
30-232-00	45° Positioning Wedge	23" x 11" x 11"	2/cs
30-231-00	45° Positioning Wedge	24" x 24" x 10.5"	2/cs

Bariatric and custom sizes available upon request.
Compression pack available upon request.

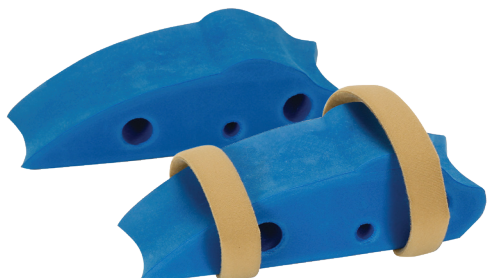

PERFORMANCE COMFORT FOAM

POPLITEAL SUPPORTS

- Promotes good venous flow
- Reduces edema by elevating patient's lower leg

PART NO.	DESCRIPTION	SIZE	QTY
30-114-00	Small Popliteal Support	20" x 16" x 4"	6/cs
30-114W-00	Large Popliteal Support	20" x 32" x 4"	4/cs

Bariatric and custom sizes available upon request.
Compression pack available upon request.

PERFORMANCE COMFORT FOAM

ARTERIAL CANNULATION SUPPORTS

- Positions the patient to facilitate the insertion of the A line consistently with the least-painful stick methods
- Standard — for use with adhesive-free bandages
- Deluxe — padded straps to help reduce ulceration risk

PART NO.	DESCRIPTION	QTY
30-777-00	Standard Cannulation Support	30/cs
30-777-DX	Deluxe Cannulation Support	20/cs
